In an effort to provide additional access to the Seasonal Flu vaccine this office, in conjunction with your Local Board of Health, is providing flu clinics at a number of schools throughout the district.

Though the clinic is open to all; we are encouraging the vaccination of school children in an effort to reduce potential illness and absenteeism during the school year.

We ask that children (those under the age of 18) be accompanied by a parent or guardian.

Attached please find the paperwork for the clinic; vaccine information sheet and immunization form. Forms will also be available at each clinic site, please bring your insurance card.

The cost of the vaccination is free.
