

495/MetroWest Development Compact Regional Study Public Planning Meeting

May 11, 2011

7:30 PM

Town of Bolton

Town Hall

663 Main Street

Jon Sachs

Share your input—

What are the impacts of growth and preservation in the I-495 region?

Where should development be directed in your community?

What land is a priority for protection?

Where is there a need for transportation and other infrastructure improvements?

Executive Office of Housing and Economic Development (EOHED), is partnering with the Metropolitan Area Planning Council (MAPC), the Central Massachusetts Regional Planning Commission (CMRPC), the MetroWest Regional Collaborative (MWRC), the 495/MetroWest Partnership (the Partnership), and Mass Audubon to engage the region in the preparation of a comprehensive land use and development plan for the 495/MetroWest region.

A key component of this plan will be identifying priority development and preservation areas and significant transportation and infrastructure investments in your community and for the region. The plan will be prepared in collaboration with regional and local participants and engage to form the framework for public decision-making in land use regulation and infrastructure investment within the region over the next twenty years.
