Agricultural Forum

Tuesday, March 5th, 6:00 - 9:00 PM

**Assabet River Valley National Wildlife Refuge
Visitor Center, 680 Hudson Road, Sudbury, MA**

**Keynote Speaker: Jonathan Healy, U.S. Department of
Agriculture, State Director of Rural Development**

Are there regulations making it difficult for you to run an economically viable agricultural practice?

Are you seeking labor for your farm or are you a new farmer seeking land?

Is your town trying to navigate an inter-generational transfer?

Are you a municipal official or professional hoping to gain a better understanding of the impediments to farming in your area?

This forum will provide an opportunity for farmers to discuss the issues and challenges that they are encountering in their work with municipal officials, state and federal agencies, and legislators.
